

We are getting a taste of some warm weather and rodeo season is just around the corner. The membership drive is coming and promises some great fun. We are booking the calendar for lots of fun events and I am looking forward seeing everybody again.

The economy is tight and the club depends on sponsorship from local businesses, any member who might have a connection to possible sponsoring/advertising opportunities should contact one of the board members so that lead can be pursued. Lets all work together to have a fun and successful year. See you at the arena!

Sincerely,
Clint Sumner
President BRUC

Buckles are here!

Have I not called you? Sent you an email? Knocked on your door? If you have not heard from me I am so sorry. I had good intentions that only carried me through half of the calling list.

I have the buckles at our shop. You can pick up your buckle at Madden Auto Repair 1602 W. 5th Street between 8 AM and 5 PM. It's important to bring your old buckle with you when you come. We can not give your correct buckle until we have the old buckle to send back. We will have to have all buckles by the first playday April 11th.

Thank you for your patience. The buckles were beautiful and I feel it was well worth the hassle for our members to own such a trophy!

-Vicki Madden BRUC Secretary
